

**Jury Report**  
**Best Children's Film Competition 2022**

**The jury:**

Maryanne Redpath, Maurice Trouwborst, Charles Bin

**YUKU & THE HIMALAYAN FLOWER (winner) by Arnaud Demuyck & Rémi Durin**

We are thrilled to award this gem of simplicity and timeless beauty. Each brush-stroke in this exquisitely skilful animation is executed with great care. The jokes and lyrics are full of wit and substance - carried by an excellent score - we were simply filled with awe! This feel good journey has the makings of an instant classic, for the whole family!

**COMEDY QUEEN by Sanna Lenken**

We nominate this beautifully crafted film which gives the viewer deep access to its tough subject matter. It is an investigation of what makes us laugh and what makes us cry. And finally, it opens up a space to grieve and heal - where a most sensitive camera meets a stunning cast - and truly breaks our hearts.

**OINK by Mascha Halberstad**

We nominate this racy and super funny stop-motion comedy with a great eye for absurd details. The film heightens the wacky realities of a well-meaning but dysfunctional family. When shady Grandpa returns to defend the title of Sausage King, there's one element you can never get enough of: Poo!
